This shirt is awesome! I ran in 30-degree weather with a vest and it was great. Not sure I even needed my vest, but you never know with 30 degrees if the wind will pick up.

Amazing running top for the cold!

This is the base I've been looking for. I'm thinking a t-shirt, this item, and a windbreaker cover for cooler windy days, fleece for cold days, and down for the Baltic/frigid days. Close to body fit. Lengthy for a tuck.

AWESOME!

This shirt is awesome! I ran in 30-degree weather with a vest and it was great. Not sure I even needed my vest, but you never know with 30 degrees if the wind will pick up. Have ran with it twice so far and am very happy with how comfortable it kept me. I didn't get overheated or too cool. Would buy again!
